# Our mission

Is to supply business with high-quality, modern and applicable knowledge enriched with national and international experiences and good business practice examples according to the “**practice to practice**” principle.

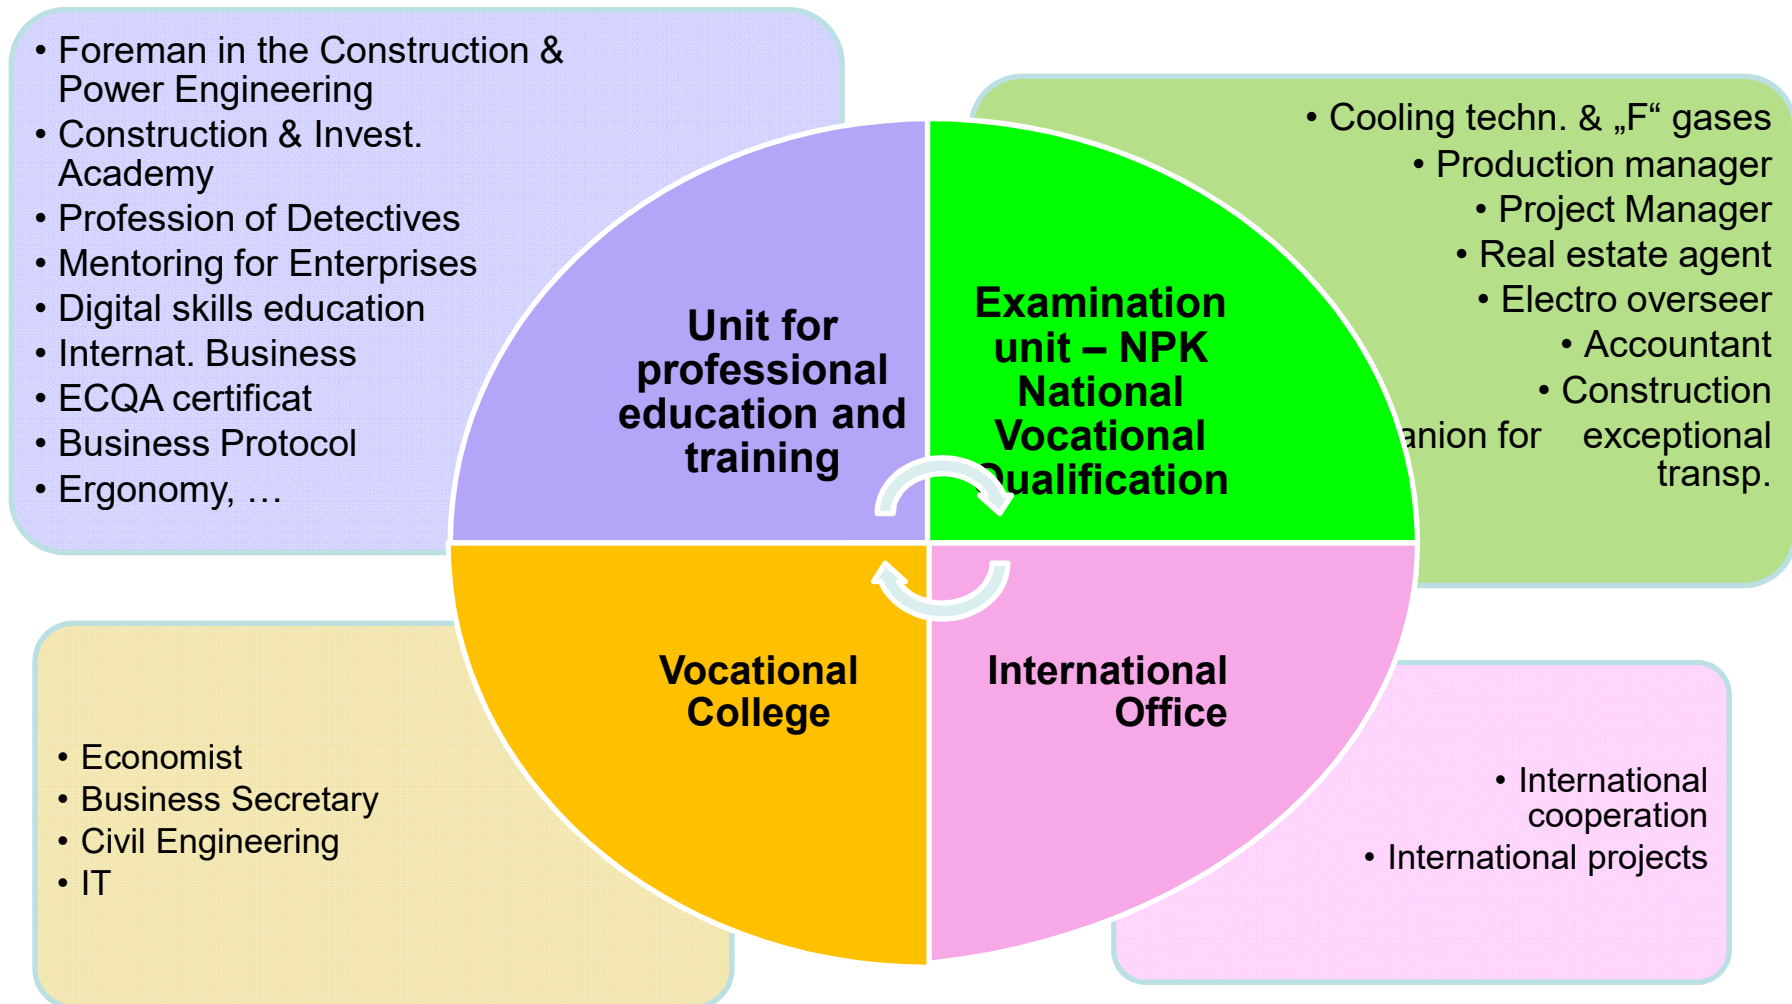

The Chamber of Commerce and Industry of Slovenia – Institute for business education is one of the education and training providers for adults with **longest tradition** in implementation of *professional and technical seminars, training courses, workshops, short- and long-term courses, post secondary (college) programmes and other - specific events for the needs of business subjects in Slovenia.*

# About IBE

Orientation towards actual education, training and competences demands on the labour market enabled us to become one of the largest education and training providers for adults in Slovenia.

- 15.000 participants per year
- 1.000 trainings per year
- 150 experienced trainers from the practise
- IBE stands for applied knowledge and the dialogue between business and learning

# Departments of IBE

## 4. International cooperation and projects unit

In 2008 we started to systematically expand our international network and cooperation through joining international and national consortiums and participation in project teams. Our projects are mainly focused on education, training and competence development in different branches. The purpose of our project work is also to facilitate our process and personal development as well as increase the quality of our services.
